NEW RIVER HEALTH SCHOOL-BASED HEALTH CENTER ENROLLMENT PACKET

New River Health Association (NRHA) School-Based Health Centers (SBHC) or Wellness Centers provide students with medical, mental health, dental and health education services. SBHCs increase access to health care, and decrease missed school time for those students whose parents sign this consent. Please complete and sign the enrollment form and return it to the Wellness Center or school office.

- If you have a family doctor, you can still use the SBHC. Our services are especially convenient if your child gets sick or is injured at school. Counseling, dental services, health education and sports physicals are available, too, for students with consent.
- Parents are welcome to call the SBHC staff with questions and may accompany children to their appointment.
- This consent is valid if your child moves to another school with a NRHA SBHC, unless you direct us otherwise.
- NRHA will bill private insurance, Medicaid and CHIP for eligible students. No child will be denied services due to inability to pay. If you do not have insurance, the SBHC has information about plans for which you may qualify.
- A separate consent form will be sent home for parent/guardian signature before vaccines/immunizations are given.
- New River Health provides after-hours phone call coverage for all SBHC patients seven days a week. Call 304-469-2905 after hours with any health related concerns.

CONSENT TO SERVICES

The above information is accurate and complete to the best of my knowledge. I have completely disclosed all known allergies, chronic illnesses, prior medications or drugs that have resulted in adverse reactions, and current medications with respect to my child. I, the parent/guardian of said student, give consent for my child to receive services by New River Health School-Based Health Center staff. I understand that giving consent for my child to receive services may include nursing care, medical treatment (including dispensing of over the counter meds), and referral for counseling. I understand that this consent will be good until I provide the health center staff with written directions otherwise. If your child changes schools, this consent will be valid at all NRHA school health sites unless you advise us otherwise.

All healthcare information is confidential. By signing the consent below, you are giving the SBHC, school nurse and your child's regular doctor (if applicable) permission to communicate and share medical information regarding your child's medical condition on an as needed basis with the understanding that this information will continue to be treated in a confidential manner. By signing below, you are giving permission for NRHA staff to photograph your child to be used for their Electronic Medical Record only. The health center may release information regarding treatment to third party payors for billing purposes.

Child's name: _____ Date of Birth: _____

Parent/Guardian Signature: _____ Relationship to Child: _____Date: _____

By signing below I am acknowledging that I have received a copy of the NRHA Notice of Privacy Practices (copy attached).

Signature for Privacy Practices: _____ Date: _____

DENTAL SERVICES ENROLLMENT

New River Health will offer preventive dental services at your child's school including: dental X-rays, cleanings, fluoride treatments, sealants, and exams by a licensed dentist. If your child needs further treatment, such as fillings, extractions or orthodontics, we will send home information on how to obtain these services at another location. If you would like your child to take advantage of the dental services offered in the school-based health centers, please read this form carefully, complete the questions sign and return.

Only complete information below if your child does NOT have a regular dentist and you wish for them to receive dental services.

☐ **Yes** - I would like for my child to receive dental services **(exams, sealants, fluoride, cleanings, x-rays)** at the School-Based Health Center and understand that my child may be referred to a local dentist for further treatment.
